

OH Furling lead block

OH Marine Equipment has made a furling lead block for 25 mm stanchions. The block is made in stainless steel 316 and available with black delrin plan bearing or aluminium ball bearing sheave. The stanchion mount base is included.

A furling lead block with swivel will be introduced in January/February 2011.

OH Furling lead block (delrin) mounted on a stanchion.

Article No.	Type	Sheave size mm	Sheave type	Stanchion mm
010360	Furling lead block, delrin sheave	25 x 12	Delrin plan bearing	25
